MESSAGE

It is my proud privilege to have served this premier higher education institution as Principal for the last six years. My aim is to make this college a centre of higher education that is dedicated to nation-building. The need of the hour is holistic education. I have made especial efforts to ensure the welfare of students and other stakeholders from the underprivileged classes and minorities, and that of our female students in particular.

This year has witnessed drastic changes in the educational system owing to the sudden onset of the COVID-19 pandemic. Educational reform in India in the COVID-19 era is testimony to the fact that necessity is truly the mother of invention (or re-invention, in this scenario). It has led educational institutions to adopt online learning and to encourage virtual studying. Our response to the pandemic is already steering the sector forward with technological innovations and advancements. The switch to online education has ensured that students do not suffer in terms of their studies, and it also allows their progress to be tracked effectively through timely evaluations and assessments. This is the first time that India is making such a radical change in its education system, aiming to make a paradigm shift to the virtual world, blending classroom teaching with online learning.

Along with the rest of the country, our institution is not lagging behind in implementing the new system of online education. The college has introduced an online platform for teaching and learning activities. Our faculty members are utilising various online platforms to communicate satisfactorily with students, and have already completed the syllabi of the even semester on time in spite of the lockdown and other distancing measures. The IQAC of this institution has created an easily accessible online library of e-content and model questions for students and faculty members. Many of our departments have organized national and international-level webinars and online lecture series.

Apart from academic activities, our college also continues to excel in extra-curricular activities. I am very proud that the Ramananda College football team became champions in the Inter-College Football Tournament 2019 organized by Bankura University.

I am also honoured that the Government of West Bengal selected us as a nodal college in Bankura district to observe the bicentenary year of Pandit Iswar Chandra Vidyasagar, which we celebrated by organizing a national-level seminar on 26 September 2019. I would like to express my sincere gratitude to the Higher Education Department of the Government of West Bengal for this honour.

Two of our N.C.C. cadets, Jalauddin Seikh and Ramprasad Ruidas, participated in the 71st Republic Day Parade in New Delhi. In 2020-21, Ramprasad Ruidas also received the Governor's Medal for Best Cadet under Kharagpur Group HQ. I would like to congratulate them for this achievement.

I would like to express my gratitude to Dr. Shyamal Santra, the former Minister of State, Panchayat and Rural Development and Public Health Engineering Departments, Government of West Bengal, who is the President of the Governing Body of this college, for always encouraging, advising, and helping me to lead the college properly. I also thank other members of the Governing Body for cooperating with me in the administrative work of the college. Finally, I would like to thank the teachers, the non-teaching staff, and the members of the Students' Union for always helping me whenever their help has been needed.

An Introduction to Our College

Ramananda College is a pioneering higher-educational institution located in Bishnupur, in the district of Bankura. It is the sole co-educational degree college within the town of Bishnupur with PG courses recognized by the UGC. Since its inception in 1945, this institution has been serving the cause of higher education in the local community and also of students from remote villages. Even today, students from other districts study here.

Sri Ramnalini Chakraborty, a freedom-fighter and social worker of Bishnupur, Sri Radhagobinda Roy, the founder-principal of this college and a former minister in the Government of West Bengal, and other eminent community members of Bishnupur decided to establish this college here. Sri Ramnalini Chakraborty, the Koley family, Sri Anil Kumar Bhattacharya, members of the Friends' Union Club, and the local community provided almost the entirety of the funds used to build this college. The college is named after a son of the soil, Sri Ramananda Chattopadhyay (1865-1943), a journalist, editor, and scholar who was active during the Bengal Renaissance.

Initially, the college was affiliated to the University of Calcutta, and later to the University of Burdwan. Since 1st January 2017, it has been affiliated to Bankura University. The college is recognized by the UGC under Sections 2F and 12B of the UGC Act, 1956. As the college was established before Independence, it predates the creation of the UGC as well as that of the University of Burdwan. In 2015, during the college's second assessment cycle, the National Assessment and Accreditation Council (NAAC) re-accredited the College with a score of 2.75. Furthermore, with the introduction of different post-graduate courses in Science and Humanities subjects, the college has become a constituent college of Bankura University. The college is also compliant with the vision and mission of RUSA.

Career Advancement Centre

The Career Advancement Centre (CAC) started its journey in 2016 with the aim of training students to develop their professional skills for different competitive examinations, providing information to students regarding the different courses they could opt for after graduation, and letting students know about job opportunities in different spheres. Many of our students have been recruited to government jobs in the RPF, BSF, SSC, WBCSC, WBCS, WBPS, etc. It has also organized two grooming programmes with (i) Gillette Guard in association with Anandabazar Patrika and (ii) RICE Education. Six candidates were selected for jobs by Tata Consultancy Services (TCS) through Academia-Industry Interaction in the academic year 2018-2019.

The Affirmative Action Training Programme is imparted by TCS. It is one of their Corporate Social Responsibility (CSR) projects. In it, students are given free TCS employability training for 100 hours, followed by a written test and personal interview. Under this employability training, they focus on those students who have graduated or are in their final year of study, and who do not belong to financially sound families. They mainly focus on ST, SC and OBC students from a rural background. Through this training, many students have been placed in jobs and are well-settled now. A CSR training programme with Ankur Bikash Kendra and Bishnupur Nagarik Mancha took place in January 2019. In 2020-21, the Centre organized two webinars in collaboration with the college IQAC and AICE —“WBCS and Other Competitive Examinations” on 9th September 2020, and “Explore the Career Opportunities in the Government Sector and Unlock the Potentials in You” on 17th May 2021.

EXPANSION AND DIVERSIFICATION

We have plans to introduce job-oriented vocational courses in the near future; the CAC is a step in that direction. A new computer centre, language labs, smart classrooms and conventional classrooms have been constructed under the RUSA grant. Our institution has launched five certificate courses: Food Processing, Modern Handicrafts, Tailoring, Computer Training and Yoga. These courses will enrich the learners with some vocational training for generating a sustained income. Honours courses in Computer Science and Music have been started from the 2018–2019 session. All PG students of this College will be able to receive coaching for the NET, SET and SSC Examinations along with their PG Studies from our institute. A solar-powered lighting system has also been installed.

FUNDS RECEIVED FROM DIFFERENT SPONSORING AGENCIES (During the financial year 2020-21)

A. RUSA Fund (For College Canteen Renovation)	: Rs. 17,00,000.00
B. West Bengal Pollution Control Board (For Solar Power System)	: Rs. 6,00,000.00 (Approx)

ALUMNI ASSOCIATION

The alumni of Ramananda College formed the Ramananda Mahavidyalaya Praktan Chhatra Samiti (Ramananda College Alumni Association) in 1996. The Samiti was formally registered in 2001. The Samiti has been provided office space within the college campus, where the Golden Jubilee “Smarakkakhya” has already been constructed.
